Job Title: **Natural Resource Specialist 4**
Job Location: **Burnaby, British Columbia, Canada**
Annual Salary: **\$ 95,100.00 - 102,500.00**

Powered by water... and by people like you

Providing clean electricity to 4 million customers takes a diverse workforce and that's where you come in. We need your talent to help us build major projects to meet growing demand. To help our customers find clean energy solutions for their homes and businesses and to be ready to respond during storms and outages to keep our system reliable.

Working for BC Hydro is meaningful. And now, the stakes have been raised as we work towards a solution to climate change while safely providing clean, affordable electricity to our customers.

We offer a healthy work life balance, training opportunities and career progression. We're proud to be ranked as one of B.C.'s Top Employers and one of Canada's Best Diversity Employers. Join us as we build an even cleaner B.C.

JOB DESCRIPTION

Duties:

- Prepares documentation, budgets, terms of reference, standards, guidelines and contract specifications, etc. for, and oversees, inspects and administers a full range of biological resource and environmental protection measures for major, large, complex programs and projects to satisfy environmental plans and objectives, regulatory requirements, contract specification
- Undertakes in-depth studies to determine the environmental impact of major, large and complex programs and future Hydro facilities.
- Develops standards and strategies for parameters influencing the biological environment; prepares recommendations to enhance consistency and quality of standards. Responds to unforeseen environmental concerns not covered by existing regulations for standards.
- Ensures consistency in environmental inspection protocols, report preparation, liaison with outside groups and within BC Hydro including project, field and resource staff.
- Facilitates meetings with government agency representatives from various Ministries and branches to determine and incorporate routine regulatory requirements and options for compliance.
- Is deployed to the field to respond to unforeseen environmental concerns by coordinating mitigation and managing related communication inside and outside BC Hydro.
- Provides technical direction to external consultants, crew leaders and staff in lower-level Natural Resource positions engaged in environmental inspection and related activities, to ensure consistency, quality control requirements, standards, guidelines.
- Provides work leadership to and performs all the functions of the Natural Resource Specialist 3 job.
- Performs duties of a minor nature related to the above duties that do not affect the rating of the job.

Qualifications:

- Completion of a Bachelor degree in Natural Resource or Environmental Studies with at least eight (8) years of relevant work experience or as an equivalent, completion of Technologist Diploma in Natural Resources or Environmental Studies with nine (9) years of relevant work experience.
- Must be eligible for membership with the College of Applied Biology.
- Valid BC Driver's License required.

We're always looking for exceptional people to bring new ideas, fresh thinking and the motivation to help shape the electricity system in B.C. It's an exciting time to be a part of our team as we invest in our system and prepare to meet the challenges of tomorrow.

Our values guide our work. Want to join us?

We are safe.

We are here for our customers.

We are one team.

We include everyone.

We act with integrity and respect.

We are forward thinking.

BC Hydro is an equal opportunity employer.

We include everyone. We welcome applications from anyone, including members of visible minorities, women, Indigenous peoples, persons with disabilities, persons of minority sexual orientations and gender identities, and others with the skills and knowledge to productively engage with diverse communities.

We are also happy to provide reasonable accommodations throughout the selection process and while working at BC Hydro. If you require support applying online because you are a person with a disability, please contact us at Recruitmenthelp@BCHydro.com

Flexible work model role definitions

=====
Our four role types identify the degree of flexibility an employee could have to work from home based on the type of work they do. The flexibility for an individual job is up to the manager for each position and the operational requirements. Employees also have the right to work full-time from the office if they prefer. All of our roles require at least some in-person time.

IBEW/Field – No option to work from home

Resident – Works primarily (4+ days per week) in the office.

Hybrid – May be able to work from home up to 3 days per week.

Remote – Works from home 4+ days per week
