

## **2023 Articling Coordinator Annual Report**

Graham Watson, P.Ag

I was excited to take on a new role with the Vancouver Branch Executive Committee at the 2022 AGM. I have found the past year rewarding, helping guide registrants through their articling periods, and look forward to continuing on in the position for another year.

Congratulations to the 16 registrants who have completed their articling requirements in 2022/23, and have now gained the status of Professional Agrologist! Well done.

the profession of Agrology.
