

# Environmental Professional

## TerraWest Environmental Inc. – Prince George

### Full-Time Permanent

### Salary range \$65,000 – \$95,000

Compensation will be determined by relevant education, experience, skills, and competencies.

### Description

TerraWest Environmental has an immediate opening for an ambitious and growth-minded intermediate to senior level Environmental Professional for our Prince George office.

The Environmental Professional is an important team member in the execution of Phase I and II environmental site assessments, Stage 1 and 2 preliminary and detailed site investigations, hazardous materials investigations, environmental remediation, compliance monitoring, auditing, and related. As part of the role, you will expand on your knowledge of project logistics, client liaison and problem solving.

TerraWest is a small dynamic company that invests in its people. TerraWest is an equal opportunity employer that offers a friendly, professional work environment and the opportunity for staff to develop and grow their career. A desire to learn, grow, and lead is important.

### Qualifications

- Diploma or Bachelor of Science Degree in a field relevant to the position. Membership with a professional organization is an asset;
- Minimum of 4 years environmental consulting experience preferably within BC;
- Minimum 1.5 years direct experience in contaminated sites assessments and remediation;
- Project management experience an asset
- Strong computer skills with an ability to learn new programs quickly;
- A professional attitude to written and oral communications with clients and colleagues;
- A positive, friendly, team-oriented attitude;
- Physically fit and able to lift up to 50 lbs.;
- Willing to cross-train if necessary for hazardous materials investigations;
- Ready access to a vehicle and a clean class 5 driver's license; and
- Ability and willingness to occasionally drive to other locations in BC in the course work;

### Perks of the Position

- Competitive compensation commensurate with education, skills and experience
- Health coverage for you and your family
- Internal development and growth
- Professional development allowance
- Matching RSP Program
