

Re: Student Status Declaration – For Renewals Only

I \_\_\_\_\_ hereby declare that I am currently enrolled as a student in a recognized post secondary institution and have the opportunity to maintain student membership with the British Columbia Institute of Agrologists (BCIA) for the year at no charge.

Student members have the right to receive information circulated to the membership from the Institute and to attend Institute events but are unable to vote, hold office and do not have the use of a seal or any title or designation.

Approved membership as a student does not guarantee acceptance into the Articling Agrologist program. A student moving on to full membership with BCIA must submit a separate application form and accompanying documents as described on the BCIA website.
